Dear Bp. Subagyo,

We have done further editing on your manuscript, as you can see attached. We found that there are four citations in the text that are missing in the references (see the yellow highlights). Please complete the reference list or clarify.

Moreover, the discussion section is inadequate. You are required to add -at least- five more paragraphs to discuss the results of the experiment.

Please download the attached file and complete your revision in this file following the layout we have done.

**Deadline: 23 February 2020**

Regards,

Endah Retnowati
