The Effect of Mutual Cooperation Values Towards People's Lifestyle in the Form of Maps

Response to the Editor

Dear Mr. Iqbal Arpanudin, M.Pd,

Thank you very much for reviewing our manuscript. We have revised our manuscript according to the comments given in the manuscript. Therefore, we give the response to the comments below.

Comment 1:

Perlu dipertegas, tujuan penelitian ini apakah hanya sekadar “mempelajari nilai”?

Response:

We have revised the objective of the study, i.e.:

“Tujuan penelitian ini adalah mempelajari nilai gotong-royong di”

into

“Tujuan penelitian ini adalah mempelajari pengaruh nilai gotong-royong terhadap pola hidup masyarakat di ...”,

Hence, we have revised the objective not just ‘to study value..’ but ‘to study the effect of cooperation values...’.

Comment 2:

Mengacu pada mix methods model siapa?

Response:

We based the mixed method upon Creswell (2009). Hence, we have revised the manuscript to

“This study uses mixed method based on Creswell (2009),...”

This is given in the Methods section in page 3.
