Fakultas : Bahasa dan Seni
Program Studi : Pendidikan Bahasa Inggris
Mata Kuliah & Kode : Materials Development Kode _____
Jumlah SKS : Teori: 1 SKS Praktik: 1 SKS
Semester : 6
Mata Kuliah Prasyarat & Kode : -
Dosen : Suharso

I. DESKRIPSI MATA KULIAH

This course is aimed at developing students' (a) understanding of EFL materials development, (b) skills in developing EFL materials for Indonesian schools, and (c) positive attitudes towards EFL materials development. This course covers the following topics: basic concepts, principles, and procedures of materials development. Students are also involved in developing materials by applying all the concepts, principles, and procedures. Evaluation is concerned with both theory and practice, through assignments, the mid-semester test, and the final test.

II. STANDARISASI KOMPETENSI MATA KULIAH

Upon completion of this subject, students are expected to understand:

- understand the importance of materials development in English language learning,
- have knowledge of steps to develop materials, and
- be able to produce materials for English language learning.

III. POKOK BAHASAN DAN RINCIAN POKOK BAHASAN

Minggu Ke	Pokok Bahasan	Rincian Pokok Bahasan	Waktu
1	Introduction	Description of the course, the competence students have to acquire, the teaching and learning process, and assignments	100 minutes
2	Importance of materials development	Roles of materials in the learning process Materials to develop	100 minutes
3	Stages in materials development	Explanation of the stages including the design, development, evaluation, and revision	100 minutes
4	Design	Analyzing needs and learners and setting the objectives	100 minutes
5	Development	Content outline and development and delivery methods	100 minutes
6	Evaluation	Reviewing objectives, evaluating strategies, and collecting and analyzing data	100 minutes
