Dear Mahendra Wahyu Dewangga,

I hope this message finds you well. We are pleased to inform you that your article titled "The Effect of Moderate and Low-Intensity Aerobic Exercise on Lowering Blood Sugar" with system number FPM860 has been accepted for publication in Issue 4 of "Fizjoterapia Polska". This issue is set to be released by the end of October.

Upon review, it has come to our attention that the manuscript will require language corrections for the English text. The cost for preparation and print will amount to 980 PLN.

If you agree to the aforementioned conditions, could you kindly inform us about your preferred method of payment for the preparation costs? Would you like to proceed with a card payment, or would a bank transfer be more convenient for you? If you opt for the bank transfer, please let us know in which currency you'd like to make the payment: PLN, EUR, or USD.

We appreciate your contribution to "Fizjoterapia Polska" and look forward to your prompt response.

Warm regards,

--

Dear Chief Editor:
Fizjoterapia Polska Journal

September 08, 2023

We notify the chief editor of the journal Fizjoterapia Polska, that we have made a transfer via bank (CIMB Niaga) on September 08, 2023 with reference code: MB08090479721639

Here we attach proof of the transfer.

Im sorry before, I have a question for the editor regarding my article which was published in the 3rd edition of the journal this year, with the title "THE IMPACT OF KNEE PAIN ON BODY BALANCE AND ELECTROMYOGRAPHIC ACTIVITY OF THE QUADRICEPS MUSCLE IN FENCERS DURING THE LUNGE MOVEMENT". Until now, my article is not available for download. I hope that my article can be completed soon and published on the journal website so that it can be downloaded by the public.

Dear Chief Editor Fizjoterapia Polska

Thank you for the opportunity given to us. There are some things that need to be improved, but they are not significant. In table 1, in the low intensity and moderate intensity sections in the pre test and post test amount columns there are errors in both. The correct thing is that in the low intensity column the pre test amount is 163.3 and the post test is 114.5. Meanwhile, in the moderate intensity column, the pre-test amount is 118.4 and the post-test is 94.9. We hope that this section can be corrected before being officially published in your journal.

Thank you, I hope the journal editor and his staff are in good health.

Greetings

Dr. Mahendra Wahyu Dewangga
